Thesis Changes Log

Name of Candidate: Elena Egorova

PhD Program: Computational and Data Science and Engineering

Title of Thesis: Signature codes for multiple access channels, digital fingerprinting codes and symmetric group testing

Supervisor: Grigory Kabatiansky

Chair of PhD defense Jury: Prof. Maxim Fedorov

Email: M.Fedorov@skoltech.ru

Date of Thesis Defense: 29 April 2020

The thesis document includes the following changes in answer to the external review process.

 In answer to the external review process the following changes were included in the final version of my PhD thesis:

1. **Corrections in bibliography.**
2. **Corrections in orthography and punctuation.**
3. **List of abbreviations was added.**
4. **Information about the connection of signature codes for weighted adder channel and the problem of the search of counterfeit coins was added in the subsection 1.1.7. and in the end of chapter 3.**
5. **Changed the name of the first chapter: it was "Coding for multiple access channels, non-adaptive group testing and multimedia fingerprinting", now it is "Coding for multiple access channels, non-adaptive group testing and digital fingerprinting"**
